Great Empowering Motivational Sessions (GEMS)

In 2004, GEMS was developed to include three youth mentoring programs Girl Pride, Sugar & Spice, Young Men Who Dare, and mobile mentoring sites that include the Saginaw Juvenile Detention Center and the Saginaw Intermediate School District.

WOC Youth Prevention

The program is for at-risk youth to learn the benefits of adopting a lifestyle free of drugs and alcohol. Our goal is to transform young people's lives while strengthening families. Provide alternatives for young people to make better choices.

Students and Future Technology (SaFT)

SaFT was established to bring advanced Science, Technology, Engineering and Mathematics (STEM) training to disadvantaged students. Students learn to take charge of their own education. We create a learning environment that increases the use of digital tools to enhance student learning.
